CHILD CARE PROVIDERS

Get Reimbursed for Serving Healthy Meals to Children in your Care

Child Care Food Program

Child care providers have numerous opportunities to promote healthy eating at a young age, when dietary habits are forming, children are developing taste preferences, and eagerly mimicking both healthy and unhealthy behaviors of their caregivers.

Why should you participate in the Child Care Food Program?

- Cash reimbursement with direct deposit
- Easy to record meals and snacks online
- Free training and guidance in creating a healthy meal program
- Support services such as curriculum resources and recipes
- Demonstrates to parents you care about their child's health and well-being
- Assists your own family toward healthy eating
- Benchmark to quality child care
